## Health and Medical Record for First-Year Outdoor Orientation Trips (FOOT)

- 1. ONLY THOSE STUDENTS WHO FILE THIS RECORD PROPERLY CAN PARTICIPATE IN FOOT.
- 2. The pre-participation physical exam (Part C) MUST be completed by certified and licensed physicians (MD, DO), nurse practitioners, or physician assistants. Informed consent, release agreement, and authorization (Part B) MUST be given by both the participant AND by their parent or guardian.
- 3. ALL parts of this form, A, B, and C, are DUE JULY 15. (if you have a delay, contact us.)
- 4. By that date, the COMPLETE and SIGNED record must be SCANNED and saved in PORTABLE DOCUMENT FORMAT (PDF). That ONE PDF FILE must be RENAMED "LAST NAME, FIRST NAME.PDF," and E-MAILED to <a href="mailto:footsummercoordinators@gmail.com">footsummercoordinators@gmail.com</a>. You can use your iPhone to scan. Use the NOTES app. Click on the camera icon, and then click on "scan document." You can email it to yourself and then to us.
- 5. Participants MUST BRING a physical SECOND COPY of their record WITH THEM TO CAMPUS & give it to their leader.
- 6. This is NOT the Yale Health Form. It should NOT be sent to Yale Health. We do recommend completing the Yale Health Form and Physical Exam at the same time for convenience, but that form should be sent to Yale Health, and NOT to FOOT.
